

Department of Physical Therapy
PHYSICAL THERAPIST ASSISTANT PROGRAM
Student Outcomes Information

Table 1. Acceptance and Matriculation Rates

| Admission Date | # Applied | # Admitted | Acceptance Rate | # Enrolled | Matriculation Rate |
|----------------|-----------|------------|-----------------|------------|--------------------|
| June 2011 | 119 | 55 | 43% | 55 | 100 |
| June 2012 | 135 | 53 | 39% | 46 | 87% |
| June 2013 | 132 | 52 | 39% | 50 | 96% |

Table 2. Graduation Rate

| Graduation Year Cohort | Total Enrolled | Total Graduated | Graduation Rate |
|------------------------|----------------|-----------------|-----------------|
| 2011 | 50 | 42 | 84% |
| 2012 | 55* | 46 | 83.6% |
| 2013 | 50 | 43 | 86% |

*included a total of eight half-time enrollees

Table 3. National Exam Passing Rates

Ultimate 3-Year Passing Rate, Federation of State Boards of Physical Therapy at www.fsbpt.org updated 2014-11-04

| Graduation Years | Total Percentage of Test-takers who Passed | Total Number of Test-Takers |
|------------------|--|-----------------------------|
| 2008-2010 | 96.23% | 106 |
| 2009-2011 | 96.30% | 108 |
| 2010-2012 | 95.93% | 123 |

Table 4. PTA Employment Rate of Licensed Graduates

| Graduate Year Cohort | Employment Rate |
|----------------------|-----------------|
| 2011 | 100% |
| 2012 | 100% |
| 2013 | 100% |

According to all the information available from the last three cohorts (surveys and oral reports of alumni and clinical education faculty), essentially all licensed graduates who sought employment as PTAs were working as PTAs within six months of licensure.
