

M.S. in Radiation Sciences

Have You Considered a Leadership Position in the Radiology Field?

Developing aptitude in the disciplines of leadership, administration, and education is key for career advancement. Practitioners who are leaders in the profession, and who are capable of serving the greater community in the public, private, and nonprofit sectors, have a higher degree of opportunity and flexibility in their careers. Managers, administrators, and educators, who contribute to the profession's body of knowledge through leadership roles, publications, professional presentations, and advocacy are highly sought after.

Master of Science in Radiation Science Program

The online Master of Science in Radiation Sciences (MSRS) provides students a solid foundation in the knowledge and skills needed to be successful in leadership, management, administration, and education. The MSRS program is a two-year, 49-unit, part-time program consisting of 90 academic weeks. This eight-quarter program begins in the fall term and concludes at the end of the second summer term. Students are expected to complete two 3-unit courses each quarter for seven quarters, with the eighth quarter of study consisting of two 3-unit and one 1-unit courses. An accelerated full-time, 4-quarter option spanning 12-months is available with consent from the program director. Students enroll in the same courses and there are no emphases.

Application Window

Applications are accepted online from January 1 to September 1.

Financial Information

Tuition and fees are subject to change each year. Students are responsible for all tuition fees, books, living expenses, and transportation. Financial aid is available. Loan application can begin before being accepted. For financial aid information call: (909) 558-4509.

Housing

Students under the age of 21 who are in undergraduate programs are required to live on campus, unless they are married or living with their parents. A student who desires to live off-campus but who does not meet the necessary qualifications must file a petition with the Dean for Students Affairs. This should be done in advance of registration by calling 909-558-4510.

Accrediting Associations

Loma Linda University is regionally accredited by the Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Universities, and the Radiologic Health Branch of the Department of Health Services.

Admission Requirements

Students are required to complete a minimum of 49 units in the program. The applicant's recommendations, phone interview, essay, and work experience are also considered in the admissions screening process. All applicants must have the following:

- Bachelor's degree GPA of 3.0.
- Certification by the American Registry of Radiologic Technologists (or equivalent) in a radiation technology discipline.
- Copy of current state license/certification
- Official transcripts for all college coursework
- Resume and three letters of reference
- Two- to three-page essay describing personal and professional skills and accomplishments, interests, career goals, and how the MRSR will assist in goal achievement.
- Phone interview (to be scheduled after application has been submitted)

Degree Requirements

All requirements for admission and all required courses in their professional curriculum. Participate in capstone event at the end of the academic program

- Cumulative GPA of no less than 3.0 (B average)
- Completion of a professional portfolio

Application Procedure

The M.S. in Radiation Sciences program begins each September. The School of Allied Health Professions begins accepting applications in January for the upcoming school year.

To speed the application process:

1. Be sure that your application form is complete, including Statement of purpose and application fee, and is received no later than May 1. Total number of applicants may dictate an earlier or later cut off date.
2. Send out recommendation forms to three individuals. Have them mail the recommendations to the School of Allied Health Professions.
3. Have your high school and college transcripts sent directly from the schools you attended to the LLU School of Allied Health Professions, Admissions Office, No hand carried transcripts will be accepted.
4. You will be contacted about scheduling a personal interview.
