**Notes:**

- Tuition for the 2013-2014 school year is \$651 per unit. For students in the Radiologist Assistant program, tuition is calculated according to a block system, resulting in the numbers above.
- University fees for the 2013-2014 school year are \$738 per quarter and include parking, on-campus computer usage, library use, malpractice insurance, student health insurance, student services, fitness membership, and graduation fees.
- The laboratory fee covers expenses incurred for clinical skills and diagnostics laboratories. The program does not charge students for use of the gross anatomy lab, simulation center or clinical skills center.
- Supplies and equipment include a lab coat and other small clinical equipment. The above estimate reflects an average cost for all items.

- Laptop computers with wireless capability and a broadband connection are required, and all students must have software compatible with the newest version of Microsoft Office. Additional recommended items such as a personal printer are not included in the estimate.
- For students to obtain financial aid to cover computer expenses, a form must be filed with the Financial Aid office. Please contact the Financial Aid office for more details.
- A smartphone or personal digital assistant (PDA) is not required for the program but most students use them throughout various aspects of the program. Costs associated with smartphone/PDA usage are not included in the above and are the student's responsibility.
- Housing and living costs are based on the living allowance provided by financial aid for off-campus students. Those students who live in an on-campus dorm or living with parents will be allotted less per month for housing. Please contact the Financial Aid office for more information.
- Clothing expenses are not included in the budget. The dress code for the program requires students to wear scrubs or business casual clothing during both the clinical years. Students often add these expenses to their personal budget before arriving on campus.
- Transportation costs to and from campus and to clinicals are not included and are the student's responsibility.
- Fees associated with background checks or finger-printing are not covered by financial aid and are the student's responsibility.
- Dues for national and local professional organizations are not included in the estimate. Student membership is recommended.
- For financial aid purposes, the school year runs from summer through spring. Thus, each student will apply for financial aid a total of 2 times.

### *Expenses after Graduation*

Students can expect a number of expenses that will need to be budgeted for immediately upon graduation in order to become certified and obtain licensure. Those graduates who desire to become involved in the profession through participation in the national and state professional associations will also need to budget for membership with these organizations.

Current costs associated with each of the above are listed below:

- **Professional Fees upon Graduation**
  - ARRT Certification Examination - \$200
  - State Licensure – Variable
  - ACLS Certification - \$200
- **Professional Fees after Graduation**
  - Continuing Education (CE) credits – variable
- **Professional Association Fees (Recommended)**
  - ASRT Membership- \$105
