

## LOMA LINDA UNIVERSITY

### Radiation Therapy Program Admissions Checklist

#### Admissions Process

✓	REQUIREMENT/ACTION	POSTMARK/ DEADLINE
	Refer to and complete all actions on this checklist.	<b>Bachelor of Science in Radiation Therapy – January 1 to May 31</b>
	Explore our program information and FAQ on our website.	<b>Thank you for reading through our complete program information on our website before contacting us with additional questions.</b> Most questions you may have are answered online.
	Complete the Radiation Therapy Observation Requirement (40 hours) *	Schedule observation at any Radiation Oncology Department before interviews are schedule. Aim for completing this by April, since interviews could be in June. Refer to the Radiation Therapy Observation Process document
	<b>Optional</b> Attend the Radiation Therapy Session at the Annual LLU Open House.	<b>Save the date-</b> LLU Open House will be in January. Please RSVP at <a href="http://www.llu.edu">www.llu.edu</a> prior to attending.
	Refer to and complete all Allied Health Admissions requirements.	See Admissions info at <a href="http://alliedhealth.llu.edu">alliedhealth.llu.edu</a>
	Apply online	There is a \$60 application fee at the time of submission. (This fee is waived if you attend the LLU open house)

Provide 3 references. You will be instructed to submit the email addresses of your references during the online application process.	Strong references from the applicant's prior work supervisors, instructors, or health care professionals knowledgeable about the applicant.
Request Official Transcripts from all colleges and higher educational institutions you have attended. <b>All transferring credits must be from an Accredited College or Institution.</b>	Transcripts must be sent directly from the institution and may not be hand delivered or sent by applicant.
Submit Essay (length not to exceed 1 page each)	Each applicant is required to submit an online application, and within the application are ethics-based questions, and a 300-500 word essay. The essay is to include the following: why you chose radiation therapy as a profession, why you have chosen to attend Loma Linda University, what you have done for service activity in your life, what your goals are in the next five years, and why you see yourself as a therapist.
Complete required prerequisite courses outlined on second page.	<b>By September</b> <b>All required courses must be completed within the last five (5) yrs. and must be from an accredited College or Institution.</b>
Interviews Conducted** <b>By invitation of the department</b>	<b>In June</b>
Admissions decisions sent to applicants by SAHP admission office.	<b>In early July. Registration begins mid-September.</b>
Confirm your program acceptance by sending a non-refundable deposit. (\$100)	<b>August</b>
Program begins	<b>Last week in September</b>

\* Career Observation must be completed before the application interview. \*\* Interviews will only be granted when the application and all elements have been received by the postmarked deadline. All elements must be submitted for the application to be considered.
