

Bachelor of Science in Diagnostic Medical Sonography (General Vascular) (Pending Board and WSCUC approval)

Have You Considered a Career in Sonography?

A Sonographer is a highly skilled professional who uses high frequency sound waves (ultrasound) to produce dynamic visual images of the human body. Students completing the Bachelor of Sciences with a major in Diagnostic Sonography will acquire highly valued skills in the various sonography specialties such as: Obstetrics and Gynecology, Pediatrics, Neurology, Breast, Vascular Structures, and Abdominal Structures.

Students completing the Diagnostic Medical Sonography program will receive a Bachelor of Science, and will join the ranks of distinguished alumni who have graduated from Loma Linda University's School of Allied Health Professions.

Why LLU?

- No waiting list. Every applicant is reviewed each year on an individual basis.
- Comprehensive and compassionate instruction in the classroom and clinical setting.
- Students gain valuable diversity in their experiences through multiple clinical rotations.
- Students receive more hands-on clinical experience than other comparable programs.
- Graduates are competent in a broader range of exams than comparable programs.
- Diligent students are often awarded ARDMS credentials prior to program completion.
- Alumni are employed at the majority of our clinical sites, providing care and guidance.
- Graduates are more prepared and desired for employment in all levels of health care.

Program Design/Format

This 27 month program is 80% face to face coursework with about 20% online. The program is comprised of both classroom and clinical education. Students will spend 32-35 hours per week in a clinical setting Monday through Friday, with class held once week 2-5 hours. Class and clinical education is from approximately 7:30am to 4:30pm or on a swing shift (late afternoon to early evening). The program includes rotations to multiple affiliate hospitals for additional clinical training.

The program starts 12-14 students each June (Summer quarter).

How To Begin Application Process and Deadlines

Applications are accepted from June 1 to December 31. Priority deadline is October 15.

Application Requirements

- Previously completed courses that will complete the domain requirements of this bachelor's degree
- GPA of 2.5 or better (a higher GPA is more competitive)
- Current Basic Life Support with American Heart Association, adult and child
- Eight (8) hours of observation in Medical Sonography (preferably at LLUMC) is required prior to interview.
- Interview
- Any Associates degree (science area preferred) or hold an RT(R) license

Prerequisite requirements - applicants must complete the following subjects at an accredited college or university prior to entering the program:

HUMANITIES & RELIGION (20 qtr/14 sem units min; includes Religion if attending SDA college/university)

HUMANITIES: Select from at least 3 subject areas:

Art/Music (performing arts limited to 4 quarter hours)

History Literature

Philosophy Foreign language/American Sign Language

RELIGION

4 qtr/3 sem hours of religion per year of prerequisite study (8 qtr/6 sem max. **Required only** if student is attending an SDA college/university.

NATURAL SCIENCES (must be completed within the past 5 years)

Human Anatomy & Physiology/lab (complete sequence)

College Algebra or higher (one quarter/semester)

Intro or Gen. Physics (one quarter/semester)

Select additional units from the following areas:

Chemistry Geology

Statistics

SOCIAL SCIENCES (12 quarter/8 semester)

Sociology Political Science Anthropology

Economics Geography Psychology

COMMUNICATION

Freshman English (complete sequence)

Medical Terminology

Select additional units from the following areas:

Computer Information Systems Critical Thinking

Public Speaking

HEALTH AND WELLNESS

Personal Health or Nutrition

Physical activity (2 courses total)

ELECTIVES: To meet minimum total requirements of 96 qtr-units

PLEASE NOTE: *“C minus” grades are not transferable for credit*

*All students are required to take and pass the ARDMS SPI exam before completion of the program.

CPR Requirement

Students are required to have a current Health Care Provider CPR card offered by the American Heart Association upon admission into the program. Students must maintain it for the entire length of the program.

Mental and Physical Abilities

Entrance and completion of this program signifies that the candidate is prepared to practice in the sonography profession. The candidate must be prepared to work in the standing position, do frequent walking, lift and transfer patients, communicate effectively, perform with both hands, and discriminate in color, depth, and dimensions. Also able to push and maneuver ultrasound equipment portably.

National Credential & Program Accreditation

Upon completion of any of the LLU Sonography bachelor programs, you will be well prepared and eligible to take the national ARDMS (American Registry of Diagnostic Medical Sonographers) board examinations. This LLU program has been fully accredited since October 1985 by the Commission on Accreditation of Allied Health Education Program.

Financial Information

Tuition and fees are subject to change each year. Students are responsible for all tuition fees, books, living expenses, and transportation. Financial aid is available. Loan application can begin before being accepted. For financial aid information call 909-558-4509.
