

Accreditation

Loma Linda University is regionally accredited by Western Association of Schools and Colleges (WASC) Accrediting Commission for Senior Colleges and Universities. WASC is recognized by the U.S. Council for Higher Education Accreditation (CHEA).

Program

The 48-quarter unit Master of Science degree is designed for health professionals who want to enhance the effectiveness and efficiency of student learning in the classroom and clinic. Upon completion, graduates will be able to plan for effective learning experiences; improve assessment and evaluation of learning and instruction; and evaluate clinical performance with confidence, improve classroom performance, enhance academic administration skills, and develop expertise in health professions education.

Courses to complete the Master of Science degree include the required 24 units and a minimum of 12 units in Domain I and a minimum of 12 units in Domain II, for a total of 48 units.

Program outcomes

In addition to the stated institutional learning outcomes, Master of Science degree Health Professions Education Program graduates are expected to meet the following program and curriculum learning outcomes:

Outcome 1: Students should demonstrate teaching competence.

- Performance indicators: students should be able to -
- construct learning modules that incorporate teaching and learning theory
 - create learning activities that stimulate interaction and reflection
 - apply current educational research in their teaching

Outcome 2: Students should demonstrate competence in program and curriculum assessment.

- Performance indicators: students should be able to -
- produce curricular objectives and outcomes
 - design educational experiences
 - develop a curriculum and course assessment plan

Outcome 3: Students should exhibit competency in educational leadership.

- Performance indicators: students should be able to -
- formulate their own personal philosophy of leadership
 - apply leadership competency in managing change, developing policy, coaching and mentoring

Admissions requirements

In addition to Loma Linda University and School of Allied Health Professions admissions requirements, the applicant must also complete the following requirements:

- Minimum of a baccalaureate degree from an accredited institution of higher education or one recognized by Loma Linda University.
- Licensed (current), or eligible for licensure if international student (where country does not require licensure), to practice in a recognized health-care profession. The program director will advise on a case-by-case basis if the above categories are not definitive.
- Interview and letters of recommendation.
- Regardless of nationality or citizenship, an applicant whose native language is not English or whose secondary education has been taken outside the U.S. is required to pass a test of English proficiency. Test results/scores are to be sent directly to Loma Linda University from the testing service. Minimum scores are 80 for the Internet based test, and 550 for paper-based tests. TOEFL scores are valid for two years from the test date. If it has been more than two years since the test taker last took TOEFL, please contact the program director for guidance. The institution code for Loma Linda University is 4062.
- GRE Not Required.

****Applications for Autumn, 2022 now being accepted****

Length of program

M.S. - 1 year (4 academic quarters) at LLU or 2 years (8 quarters) with Master's Thesis option--based on full-time enrollment.
