| Loma Linda Department of PA Sciences Prerequisite Course Listing2024-2025 |  |  |
| :---: | :---: | :---: |
| SCIENCE PREREQUISITES |  |  |
| Prerequisite | Accepted | Not Accepted |
| Human Anatomy with Lab | - Human Anatomy with Lab <br> - General Anatomy with Lab <br> - Anatomy \& Physiology I and II sequence with Lab | - Vertebral <br> - Mammalian <br> - $\mathrm{X}, \mathrm{XL}$, and extension courses |
| Human Physiology with Lab | - Human Physiology with Lab <br> - General Physiology with Lab <br> - Anatomy \& Physiology I and II sequence with Lab | - Exercise Physiology <br> - Vertebral <br> - Mammalian <br> - $\mathrm{X}, \mathrm{XL}$, and extension courses |
| General Microbiology with Lab | - General Microbiology with Lab | - Courses which do not cover the four medically relevant areas of bacteria, viruses, fungi, and protozoa <br> - X, XL, and extension courses |
| Applicant must provide evidence of completion of one of the following Chemistry sequences below: |  |  |
| General Chemistry | - General Chemistry I and II with Lab | - AP Chemistry <br> - Special Topics/Elective Courses <br> - X, XL, and extension courses |
| OR |  |  |
| Inorganic Chemistry AND | - Inorganic Chemistry with Lab <br> - General Chemistry I with Lab | - AP Chemistry <br> - Special Topics/Elective Courses <br> - X, XL, and extension courses |
| Organic Chemistry AND | - Organic Chemistry with Lab | - AP Chemistry <br> - Special Topics/Elective Courses <br> - X, XL, and extension courses |
| Biochemistry | - Biochemistry with Lab |  |

| NON-SCIENCE PREREQUISITES |  |  |
| :---: | :---: | :---: |
| Prerequisite | Accepted | Not Accepted |
| General Psychology | - General Psychology <br> - Introduction to Psychology <br> - Human Growth and Development* <br> - Developmental Psychology* <br> *Growth and Development coursework <br> must cover the lifespan to be accepted | - Abnormal Psychology <br> - Philosophy Courses <br> - Humanities Courses <br> - AP Psychology <br> - Animal Behavior <br> - Religion Courses <br> - Special Topics/Elective Courses |
| General Sociology or Cultural Anthropology | - General Sociology <br> - Introduction to Sociology <br> - Principles of Sociology <br> - Medical Sociology <br> - Cultural Anthropology <br> - Introduction to Cultural Anthropology | - Social Thought and Theory <br> - Modern Culture <br> - Anthropology that does not carry a cultural component <br> - Religion Courses <br> - Humanities Courses <br> - Philosophy Courses <br> - Social Sciences Courses <br> - Special Topics/Elective Courses <br> - Psychology Courses |
| College Algebra | - College Algebra <br> - Pre-Calculus <br> - Trigonometry <br> - Calculus <br> - AP Algebra or greater course | - Pre-Algebra <br> - Elementary Algebra <br> - Intermediate Algebra <br> - Statistics <br> - Mathematics course for specific topic or major pathway (ie, Mathematics for Nursing, etc.) <br> - X, XL, and extension courses |
| College English | - Literature and Composition (Freshman sequence) <br> - AP English | - English as Second Language (ESL) <br> - CLEP for English |
